DECISION ON PETITION

Filed: May 19, 2004

Attorney Docket No. ODVFP008

This is a decision on the Petition to Expunge, filed December 18, 2009 which is being treated as a petition under 37 CFR 1.59(b) to expunge information from the above identified application.

The petition is dismissed.

Petitioner requests that the document titled Request for Continued Examination (RCE) filed on December 17, 2009, be expunged from the record. Specifically the RCE filed on that day at 15:07:52 is requested to be expunged. Petitioner states this was the second RCE filed on December 17, 2009 was filed inadvertently.

The petition is deficient because there is no statement that:

- (B) the information submitted was unintentionally submitted and the failure to obtain its return would cause irreparable harm to the party who submitted the information or to the party in interest on whose behalf the information was submitted;
- (C) the information has not otherwise been made public;
- (D) there is a commitment on the part of the petitioner to retain such information for the period of any patent with regard to which such information is submitted.

Petitioner is directed to MPEP 724.05(II).

Petitioner indicates there is no fee for this request but petitions under 37 CFR 1.59(b) requires a petition fee set forth in 37 CFR1.17(g) which is currently \$200. This petition fee has been charged to petitioner's deposit account.
